Efficient

Award  
Winning

## BEFORE AND AFTER THE STORM

*Wind and heavy snow had no impact on the EvenGLO. A rugged double reflector system and heavy duty construction maintained operating efficiencies and reflector shape equivalent to a new heater! Ideal for residential and commercial patios.*

## FEATURES & BENEFITS

### MORE RELIABLE • MORE COMFORTABLE • MORE EFFICIENT

- 58% MORE efficient than closest competitor!
- Heat a greater area and keep more patrons comfortable per heater year round
- Exotic open flame “Luau” torch design provides unique ambiance for increased performance and elegance
- Two-stage (Hi-Lo) electronic comfort control
- NO HOT SPOTS! - Engineered “double surface” reflector provides unmatched comfort circle
- Features commercial grade construction engineered for extended rugged use, emitter warranty 5 years, controls and components 3 years

“...prolongs our season...having a positive impact on revenue...”

-Peter Tsebelis, Managing Director  
Brassaii Bistro, Toronto, Canada
