Series GA301 Patio Heater Two-Stage Control Switch

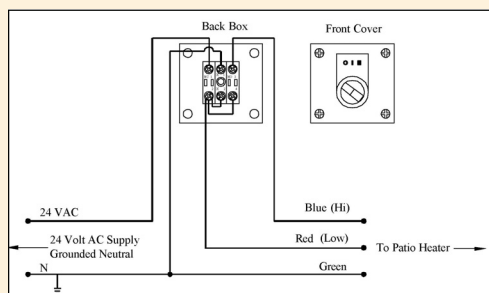

EFFECTIVE: AUG 1, 2009

Introducing a two-stage switch for use with the EvenGLO™ Radiant Patio Heater. The sleek design has an illuminated dial to easily select the desired setting for optimum comfort and efficiency.

- Settings: Off—Low fire—High fire
- Remotely located limiting access to authorized personnel
- Standard electrical knockouts on top, sides and back
- Weather resistant, suitable for NEMA-4 applications
- Simply position the switch between 24volt AC supply and the heater

Part# EE020

Requires Transformer:

#SE004	120/24 V, 20 VA Hub Mount for 1 heater
#SE009	120/24 V, 40 VA for up to 2 heaters
#SE010	120/24 V, 100 VA for up to 5 heaters
